

Dear members of The Grand Duchess Elizabeth Romanov Society UK,

We would like to express our high appreciation of your support for the Society as our members! Many of you have been our friends, supporters and sponsors for more than seven years.

We achieved a lot thanks to your help. Starting from 2016 our conferences, exhibitions and publications brought light to many important but not well known pages of Russian and British history of the 19th and 20th centuries.

We hoped that we have extended your knowledge about the life and martyrdom of Grand Duchess Elizabeth and the last Imperial Family and their relationship with British and European royalties. The Romanov Cross on the Isle of Wight was erected in 2018 and became a unique centre of cultural and religious activities. More and more people visit it and commemorate the Royal Martyrs closely related to the British Royal Family.

In the year 2022 we organised a trip to Sandringham, a symposium on the Crimean War and produced two issues of the Romanov History Magazines. The importance of these magazines was widely appreciated. Unfortunately, we had a half year gap in our activities due to personal circumstances, but from June we are back to action.
